# 24 Hour Contact Information for Nightly Rentals

Greetings!
If you rent your unit nightly, please **reply to this email** with the contact information for the person or company available 24 hours a day to respond to issues at your unit. We would like to keep this information in the HOA's records so we can reach the right person promptly when needed.

**Please provide at your earliest convenience:**

- Your Unit Number
- The contact's name or company name
- A 24 hour phone number
- A email address

The Town of Mammoth Lakes requires nightly rental properties to have a 24 hour local emergency contact for nightly rentals. This information should be posted clearly for rental guests. Please let us know whenever your designated contact's information changes.

Thank you,
Julie Thompson
